Northstar Assurance — Personal Auto Insurance Guide

Fictional sample document for RAG testing only. Not a real insurance contract.

IMPORTANT: This is a fictional sample document created for software testing. It is not an insurance contract, quote, or legal advice.

1. Purpose This guide explains a sample personal auto insurance product offered by Northstar Assurance. Actual coverage depends on the declarations page, policy wording, endorsements, exclusions, and applicable law.

2. Basic coverage - Third-party liability: sample limit of CAD $2,000,000 per occurrence for covered bodily injury and property damage claims for which the insured is legally responsible. - Direct compensation property damage (DCPD): may cover damage to the insured vehicle when another driver is responsible, subject to provincial rules and policy conditions. - Collision or upset: optional coverage for damage caused by collision with another vehicle or object, or by the vehicle overturning. - Comprehensive: optional coverage for specified non-collision losses such as theft, fire, vandalism, hail, or falling objects. - Accident benefits: benefits may be available following an automobile accident, subject to the applicable provincial framework and policy terms.

3. Sample deductibles The illustrative deductible is CAD $500 for collision and CAD $300 for comprehensive. The deductible is the amount the insured pays toward an eligible claim. The actual deductible is shown on the policy declarations.

4. Common exclusions and limitations A policy may not cover intentional damage, racing, use of the vehicle for an undeclared commercial purpose, or loss occurring while the driver is operating the vehicle without required legal authorization. Exclusions and limitations vary; consult the actual policy wording.

5. How to report an accident 1. Ensure everyone is safe and contact emergency services if needed. 2. Exchange driver, vehicle, and insurance

information where appropriate. 3. Take photographs and record witness details if it is safe to do so. 4. Report the claim to Northstar Assurance as soon as reasonably possible. 5. Provide the claim number, accident date, location, description, and supporting documents.

6. Claims service The sample claims team is available Monday to Friday, 8:00 a.m. to 6:00 p.m. Eastern Time. Emergency claim reporting is available through the customer portal at any time. These hours are fictional test data.

7. Questions For a sample quote, customers should provide vehicle details, annual distance, principal driver information, driving history, and desired coverage. A quote is not a binder of insurance.
